RAINFORESTATION NATURE PARK PRESENTS

ARMY DUCK RAINFOREST TOURS

Experience the tropical rainforest from a truly unique perspective aboard an original amphibious World War II DUKW, colloquially known as Duck. Rainforestation has twelve of these historical vehicles which hold up to thirty passengers each per tour. These versatile machines are equipped with six-wheel drive, a propeller, and a rudder, allowing for swift transitions between land and water.

During this 45-minute family friendly guided rainforest tour, our experienced Duck Captains will provide informative commentary on the ancient yet diverse flora and fauna encountered. As you navigate the rainforest, prepare to be captivated by the stunning scenery and the opportunity to spot a variety of plant species and wildlife. Once you've explored the rainforest by land, we'll splash into the lake for a cruise that offers additional opportunities to observe wildlife in their natural habitat.

To complete your adventure, explore the tropical fruit orchard, which showcases over sixty distinct species of exotic fruit trees.
