

RAINFOREST WILDLIFE SCHOOL PROGRAM

The Cairns Wildlife Dome is a spectacular wildlife experience in the heart of Cairns. The Rainforest Wildlife School Program is an educational program promoting awareness of conservation issues; and encouraging appreciation for our native wildlife and surrounding environment. With the support of the Wet Tropics Management Authority and the employment of qualified education staff we are able to cater for the educational requirements of school groups, supporting and enhancing their classroom learning. Our educational programs include specially designed worksheets with content and activities closely linked to curriculum outcomes. Itineraries to suit your specialized needs can be arranged upon request.
